

TOILET-PAPER

FACULTY COUNCIL FSBS

#1 OCTOBER '20

LET'S INTRODUCE

Dear FSBS-student!

My name is Wieke, I am 20 years old and I am a third-year Cultural anthropology student. Last year, I was a member of the Educational Committee and as a Faculty Council member, I'd like to continue on improving our Faculty. In doing so, I will focus on inclusivity and accessibility, support for student participation, and sustainability. I hope to drink a cup of tea with you in 'het Hok' as soon as possible, but until then I'm always available online. See you soon!

I'm Boaz, 23 years old and currently finishing the last year of my Sociology bachelor. Students could recognize me as an old board member of Usocia and this year I will wrap up my time at our faculty with my place in the Faculty council. As the PR coordinator I will be occupied with making the monthly Toilet Paper and our social media. Besides that I am focussing on student facilities and internationalization. All your input as a student is appreciated so never hesitate to make contact!

Hello, my name is Daniël and I am 24 years old. After several years of involvement with our faculty, both in front and behind the scenes, I am able to proudly say that I will fill the position of Technical chairman this year. To matter in shaping your education, that's what is important to me. Hence I cannot wait to ask about your opinion this year!

Hey, everybody! My name is Janneke and I am 21 years old. Last year I was a board member of the study association PAP. Now I am in my 4th year of Pedagogical Sciences and I will enthusiastically dedicate myself to you in the Faculty Council! I will mainly focus on your student facilities, both at the university and at home. If you have any ideas, suggestions and/or compliments on this subject, or if you would like to raise something else at faculty level, I would love to hear from you!

Hi everybody! My name is Nikki and I am 20 years old. Last year I was a board member of study association Versatile, and this year I represent the students of Interdisciplinary Social Science and the students of the Faculty of Social Sciences in the Faculty Council. Within the Faculty Council I will mainly focus on student and teacher well-being, the tutoring programs and the orientation on the job market in the Faculty. Should you have any ideas or tips, you can always reach out to me!

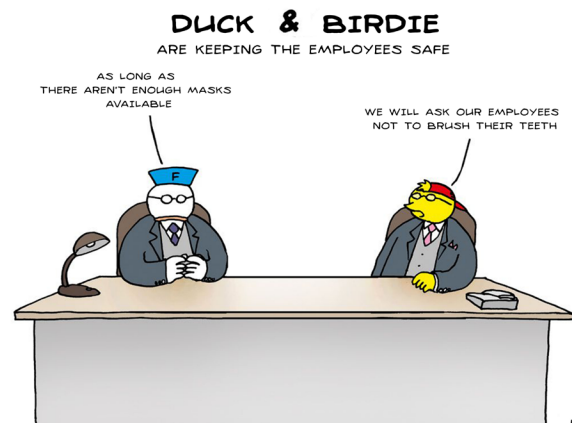

Hello everyone! My name is Veronique, 21 years old and third year psychology student. Last year I was the secretary of study association Brainwave. This year I will be a member of the Faculty board and I am committed to making the University accessible for everyone. Your opinion is tremendously important to us so you can always contact me with suggestions. I hope to see you all soon at our Faculty!
