

# TOILET-PAPER #2

## FACULTY COUNCIL FSBS

NOVEMBER '20

### LET'S INTRODUCE

This month we will shortly explain all positions in student representation on our faculty. Every year, students are committed to improve the education of all students within our faculty. We summed all different positions up for you.

#### Education committee

The education committee is the advisory body of a study program. If you take place in the education committee, you will work together with other students to improve the quality of your education. Six times per year, you meet with teachers to evaluate courses, examination and changes within your study program. Besides that you advice the Management Team (MT) of your program. You represent your fellow students, gauge their opinions and engage the complaints about their education. You are the bridge between students and teachers.

#### Facultycouncil

As a student in the Faculty council, you advice the faculty board with all current policy matters. Together with six other students and seven staff members you criticize and assist in these matters. As a member of the council you have a perceptive and controlling position opposed to the faculty board. Apart from that does the faculty council work together with the board in a constructive and proactive manner. You are also up to speed with all important developments concerning education within both our faculty and the entire university by keeping contact with the university council.

#### Studentmember MT

As student member in your student programs Management Team, you have a position in the board of your program. You help to improve its policies and development on behalf of all your fellow students. You are in contact with policy makers and are responsible, differing per program, for mentorship, promotion, or contact with the study association.

This position is very versatile and as the student member you have an entire year to participate in a professional environment.

#### Assessor

The Assessor is the student member of the faculty board. As Assessor you are the connection between board and students. You represent all students as a member of the board. It is important that you are up to date with everything that affects the students of our faculty. This is achieved with attending faculty meetings and keeping in touch with all other student representatives.

### AGENDA

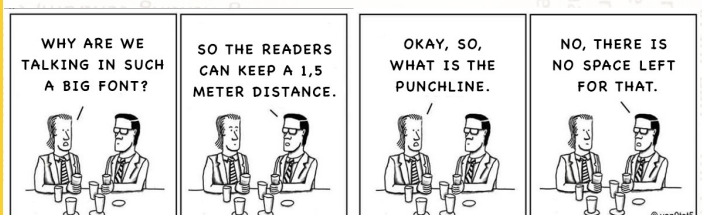

10th of November 15:00 - 17:00	Facultycouncil meeting Online
24th of November 18:00 - 20:00	Parlo 2 Online
